

## HAD YOUR IMMUNITY BATH YET?

It Would Come to This Moody Says

### PACKERS ARE NOT IMMUNE

No Law Can Defend Culprits Against Punishment for Crime

(Scripps-McRae Dispatch.)  
CHICAGO, March 20.—Attorney General Moody resumed argument in the packers' case this morning and attacked decisions of courts produced by attorneys for the defendant in support of their contention. He declared they could not cite a single case in support of their claims.  
He gave a powerful and lucid discussion of the law of immunity and said it was impossible for anyone to so construe the congressional law as to make it a means of evading punishment for crime. He said the law is compulsory by virtue of the punishment for the offense described and that congress could not pass a law to be used as a means of protecting violators of other laws. He said if the packers committed no crime they should have nothing to fear.  
He said if the contention of the packers was upheld every distinguished citizen in the country could break the laws with impunity and flock to Washington and claim immunity.  
He provoked a laugh by saying he could imagine Swift or Armour meeting Rockefeller in Washington and saying, "Good morning, Rockefeller, have you had your immunity bath yet?"

## ENDORSE CUMMINS FOR 3RD TERM

(Scripps-McRae Dispatch.)  
DES MOINES, Ia., March 20.—Webster county republicans, in the first convention in the gubernatorial contest, endorsed Cummins for a third term.

## SHEBOYGAN FREIGHT HANDLERS GET INCREASE

(Special Tribune Dispatch.)  
SHEBOYGAN, Wis., March 20.—Chicago & Northwestern freight handlers struck this morning demanding ten cents increase. The company agreed to settle this afternoon.

## MAYORALTY ROW AT MADISON, WIS.

MADISON, Wis., March 20.—A strenuous contest is assured in the Republican primaries in Madison today. Dr. Frank Smith and L. B. Rowley are seeking the nomination for mayor. The feeling among Republicans is so bitter that Ald. Joseph C. Schubert, the unopposed candidate for the Democratic nomination, seems the strongest mayoralty candidate in the field.

## MUST "FESS" UP MORE THAN THAT

Hadley Says he Expected to See Books and Oil Co. Must Disgorge

(Scripps-McRae Dispatch.)  
ST. LOUIS, March 20.—Hadley said this morning, "If the Standard by admitting the Standard absorbed the Republic expected to effect this litigation it will be disappointed. The move was expected and will prove abortive."  
Hadley will leave for New York to re-open the oil hearing March 23rd. He expects Rogers will voluntarily appear to answer all questions.

## THREE BURNED

Explosion of New Gas Works in Iowa City Proves Fatal Today

(Scripps-McRae Dispatch.)  
CEDAR FALLS, Ia., March 20.—The gas works exploded this morning and August Buhr and A. G. Seibert, were cremated. A third man is reported missing in the wreck. S. Christain was badly injured. The plant is a total loss. It was in operation only a few weeks.

## WOULD NOTIFY BEFORE ISSUING INJUNCTION

(Scripps-McRae Dispatch.)  
WASHINGTON, D. C., March 20.—An amendment to the Hepburn bill was offered in the house today which would provide the prohibition of court to issue an injunction until both interested parties had been notified five days.  
The senate considered the fortifications appropriation bill.

## PLAZA OF ECUADOR MAY MAKE HOME IN WISCONSIN

(Special Tribune Dispatch.)  
SHEBOYGAN, Wis., March 20.—Former President Plaza of Ecuador may make his home here. He has written for information concerning the land and prices of material.

## DOCTOR WHO ATTENDS MR. ROCKEFELLER IN HIS LAIR IS MUM

(Scripps-McRae Dispatch.)  
LAKEWOOD, N. J., March 20.—Dr. Irwin Haebe, who has been attending Rockefeller for two weeks, spent fifteen minutes at his home this morning. At the end of his visit he maintained silence when asked about the oil magnate.

**SUPREME COURT TODAY.**  
MADISON, Wis., March 20.—The state supreme court met this morning to hand down decisions and resume the argument of appeals on the next assignment of the January term.

## "ASBESTOS" IN A FIREPROOF BURNS

Illustration of Grafting Done by Building Contractors in Chicago

(Scripps-McRae Dispatch.)  
CHICAGO, March 20.—Overheated pipes set fire to the "asbestos" wrappings on the heating apparatus of the Railway Exchange building, one of the latest additions to the "fireproof" structures of this city, this morning. It was extinguished.

## FIFTH MAN WANTED FOR ASSASSINATION CAUGHT

(Scripps-McRae Dispatch.)  
TOMBSTONE, Ariz., March 20.—J. S. Simpkins, the fifth man wanted in connection with the assassination of Governor Steunenberg of Idaho, was arrested while crossing into Mexico. He is jailed here, awaiting extradition. He fled from Bisbee, Ariz., two weeks ago.

## WILL PROVE IVANS SOUND MENTALLY

(Scripps-McRae Dispatch.)  
CHICAGO, March 20.—Richard Ivins, being tried for the murder of Mrs. Hollister, was cross examined today by the prosecution attorney. The state asked him concerning his former employment to show in that way he was considered mentally responsible.

## CUT AND DRIED "RIFT" IN RANKS OF OPERATORS IS WIDENING

(Scripps-McRae Dispatch.)  
INDIANAPOLIS, March 20.—The operators and miners are in joint session today. The operators observe the unit rule in all actions in the joint conference, but the rift in the owners' ranks is broadening.

## GERMANY AND FRANCE IN ANOTHER AGREEMENT TO AGREE

(Scripps-McRae Dispatch.)  
LONDON, March 20.—The Evening News says France and Germany have reached an agreement on the Moroccan question and the conference is certain to be successful.

## FORT ATKINSON HOTEL LEASED

FT. ATKINSON, Wis., March 20.—H. I. Clauser of Milwaukee, for ten years state manager of the American Tobacco company, has leased the Snover house, the principal hotel of the city. Improvements and changes are to be made in the building. The former owner, ex-Mayor C. A. Snover, intends to retire from active business life.

## TRAMPS TO GET A WORKHOUSE

MARINETTE, Wis., March 20.—At the next meeting of the Marinette county board a project to establish a workhouse for the counties in this part of the state will be considered as a solution of the problem of caring for tramps that overrun this part of the country in the winter and fall.

## RITTER GETS \$8,700 DAMAGES

By a decision handed down today by the supreme court the decision of the circuit court awarding Theodore Ritter \$8,700 damages against the Chicago, Milwaukee and St. Paul Railway company for the loss of a leg was affirmed and the plaintiff will get the money.  
Mr. Ritter, who is now superintendent of the north side scales, lost his leg when he was five years old, being run down by a switch engine in the north side yards.

## CAR CO. WANTS MARKET EXTENSION

Will Present New Ordinance to Council With One Provision Only

An entirely new ordinance granting an extension franchise to the La Crosse City Railway company is being drafted and will probably be presented for its first and second readings at the next council meeting.  
No matter what disposition is made of the ordinance now pending before the council the new ordinance will be introduced. It contains only one main provision, providing for the compulsory extension of the street railway to the Catholic cemetery, and the aldermen who are fathering the measure are sanguine over its passage and acceptance by the street railway company. With great vehemence they claim that the Catholic cemetery line will surely be built within a year.

## CHICAGO SINGERS TO COME HERE TOO

Ranks of Scandinavian Singers' Fast are Deepening

Chicago Scandinavian singing societies have joined the Northwestern Scandinavian Singers' association and will take part in the saengerfest to be held in La Crosse this summer, for the first time.  
Membership of the three Chicago societies assures an addition of 100 singers to the large number already entered for the saengerfest, and with the South Dakota societies which have just joined the largest attendance of singers in the history of the association is assured. Twenty-six societies are now entered and the attendance of singers alone will be approximately 600.

## \$2,500,000 LOSS EACH YEAR

Chicago University Educates at Loss of \$1,500 Per Pupil

(Scripps-McRae Dispatch.)  
CHICAGO, March 20.—At the graduation of forty-five students, A. W. Sharrer delivered an address at the University of Chicago today declaring the university was operated at a loss of \$2,500,000 yearly or a loss of \$1,500 on each student.

## MUSICAL WONDER

Local critics who have heard Florence Hermann in private recital say that she evinces a proficiency in her violin playing which is little short of phenomenal. She has been under the coaching of Miss Fanni Losey for the past two years, and plays the Seventh Concerto of De Beriot from beginning to end, executing the most difficult passages with the graceful facility of a professional. This is the piece which she will play at the Germania concert next Sunday, accompanied by the orchestra. Her many friends will be glad of this opportunity to hear her in public.

Read the Tribune and get the news handled honestly, and while it is news.

## JESSE JAMES AND GANG DUPLICATED

Scott Says Moros Were a Crowd of Cutthroats and Badmen

(Scripps-McRae Dispatch.)  
WASHINGTON, March 20.—Major Hugh Scott, just returned from the Philippines, who spent eight months trying to dislodge the Moros from Mount Dajo without fighting, declares they were nothing but a band of bandits and outlaws whose acts turned them against all the inhabitants in the islands. He says they were regarded by the Filipinos as would be the Jesse James gang.

## CHARLES FARRAND, OF ONALASKA IS DEAD

Charles H. Farrand, aged 67, died at his home in Onalaska about 9:45 this morning.  
Mr. Farrand was for many years a leading lawyer, but for the past few years has not been in active practice. He was a brother of Mrs. Helen Nichols of Onalaska and the uncle of Dr. C. H. Farrand of this city.  
Funeral arrangements will be announced later.

## WARRANTS OUT FOR SONS OF ERIN

Thomas McCrone and Curley Carey, two Irishmen out on a St. Patrick's day celebration, met Ingerval Knutson and Carl Knutson, two brothers, on the street last Saturday and straightway proceeded to spoil their countenances according to a complaint filed with the county judge today. The two sons of Erin will be arraigned for assault and battery after the sheriff succeeds in locating them.

## MAY GET MONEY FOR POSTOFFICE AT THIS SESSION

Officials and employees of the La Crosse postoffice are hopeful that the appropriation for the construction of an addition to the local postoffice will be rushed through together with the other appropriation bills, during the last hours of the present session of congress.  
Congressman Esch, who introduced the bill, is naturally not in a position to give any assurance of its passage in view of the large demands for special appropriations made during the present session, and while he will do all he can toward securing a favorable committee report La Crosse's only chance seems to be in having the bill reported upon favorably and passed under suspension of the rules during the last hours.

## WILL DISSECT WOMAN'S BODY

Neither relatives or friends evincing any desire to take the remains and undergo the expense of a proper interment the state university has secured the first body for dissecting purposes from La Crosse county.  
Under a state law which has been in effect three years the body of Mrs. William Riedel, who died at the county insane asylum, has been secured by the demonstrator of anatomy at the state university for use

## MEMBERS FLOCKING FOR SEATS

Merger Assn. Meets Great Success

### GREAT MEMBERSHIP SEEN

One Busy Man Gets 42 to Join in One Day, One-Third New

Most gratifying success is attending the efforts of the membership committee of the Businessmen's association to build up a large membership for the organization. Practically all of the old members of the board of trade and Progressive association are joining the new association and little difficulty is being experienced in securing new members. One member of the committee secured 42 members of which about one-third were entirely new, during one day, and other workers also report great success.

## Four Railroad Laborers are Swindled

RACINE, Wis., March 20.—Salvatore Castrovigna, Fabbagga Cone, Basilio Lounze and Tefeno Calippo, four Milwaukee Italians, were swindled out of every cent they had and left stranded at the fashionable Hotel Racine Sunday night.  
The men were employed by the Milwaukee electric Railway and Light company. Yesterday they were paid off, each receiving from \$15 to \$20. A stranger approached the men and represented himself as the proprietor of the Hotel-Racine. He said he wanted four men to work in the hotel and they came here with him on the midnight car. He took them to the hotel, registered for them and they were assigned to rooms. Then he collected \$1.50 apiece for the rooms and \$15 each, which he said would pay for uniforms.  
This morning the Italians hung around the lobby of the hotel and attracted unusual attention among the guests. Finally they inquired of the clerk when they were to be put at work. Through an interpreter the swindle was learned. Chief of Police.

## GERMANIA WINS.

The Germania basketball team defeated the Y. M. C. A. last night by a score of 10 to 8. The game was hotly contested throughout.

# CATARRH THE PLAGUE OF WINTER

Every Catarrh sufferer dreads the return of cold weather, for at the first cold breath of the season this plague of Winter is fanned into life with all its miserable symptoms. The nostrils are stopped up, and a constant dropping of mucus back into the throat keeps up a continual hawking and spitting, the patient has dull headaches, ringing noises in the ears and a half sick, depressed feeling all the time. Every inner lining and tissue of the body becomes inflamed, and secretes an unhealthy matter which is absorbed into the blood and distributed to all parts of the body, and the disease becomes constitutional. The catarrhal poison brings on stomach troubles, affects the Kidneys and Bladder, attacks the soft bones of the throat and head and if not checked leads to Consumption. A disease so deep-seated and dangerous cannot be washed out, neither can it be smoked away. Sprays, washes, inhalations, etc., are useless, because they only reach the membranes and tissues, while the real cause of the disease is in the blood. S. S. S. cures Catarrh because it attacks it through the blood; it goes into the circulation and drives out all unhealthy accumulations and catarrhal matter, and when this is done every part of the system receives a supply of rich, pure blood. Then the inflamed membranes and tissues heal, all discharge ceases, the depressed feeling of the body is relieved, and every symptom passes away. S. S. S. goes to the very root of the trouble, and by purifying and enriching the blood and building up the entire system, cures Catarrh permanently. If you have Catarrh do not waste time with local remedies, but begin S. S. S. and write for our book and any medical advice without charge.

## STANDARD OIL COMPANY HAS ITS BOOKS IN COURT IN MISSOURI

St. Louis, March 20.—The hearing in the Missouri ouster suit against the Standard, Republic and Waters-Pierce Oil companies was resumed here before Special Commissioner Anthony. The points brought out in the testimony, summed up, stand as follows: That stock of the Republic Oil company is held by individuals for the Standard Oil; that Frank Wilson, assistant secretary to W. G. Rockefeller, president of the Standard Oil, is a Republic stockholder; that the Waters-Pierce Oil company bought oil from Standard Oil refineries; that in payment for oil bought by the Waters-Pierce Oil company from the Atlantic refinery of Philadelphia, an alleged independent concern, the checks, since 1904, have been sent to 26 Broadway, New York, headquarters of the Standard Oil; that stock in the Waters-Pierce Oil company is held by M. M. Van Buren, nephew of John Archbold, an official of the Standard Oil.

**Brought the Books Along.**  
William T. McKee, secretary of the Republic Oil company, of Cleveland, O., was the first witness called. He brought with him books of the company, in accordance with the order of the Missouri supreme court. Shares of Republic Oil company stock issued to several persons, among them James H. Taylor, assistant secretary, 26 Broadway, New York, were taken up. McKee was questioned about the relationship between George B. and Frank Wilson, and it was brought out that George B. Wilson is the father of Frank Wilson.

**Stock Held for the Standard.**  
"Do the stockholders of the Republic company hold this stock for themselves or in the interests of others?" asked Attorney General Hadley.  
"I desire to know," interrupted Alfred D. Eddy, general western counsel for the Standard Oil company, "what the attorney general seeks to show by this question?"  
"I seek to show that this stock is held for the Standard Oil company," replied Hadley.  
"Then I will save you the trouble," Eddy returned; "for the purposes of this litigation this fact will be admitted."

**WHY RESISTANCE WAS MADE**  
Company Counsel Explains Why the Books, Etc., Were Withheld.  
The second witness was Charles M. Adams, secretary-treasurer of the Waters-Pierce company. Attorney General Hadley demanded the production also.

## 15 LOSE LIVES IN SNOW SLIDES

Denver, March 20.—By the loss of twelve lives in a snowslide near Silverton the death toll resulting from the great storm of the past week in the San Juan mining districts has been increased to at least fifteen. Mills and other mining property estimated to be worth \$1,000,000 have been swept to destruction in deep gulches. The cattle on a thousand hills are reduced to skin and bone.

The names of the miners killed near Silverton at the Shenandoah mine are: Jacob Theobald, Jesse Shaw, Gus Hoise, Peter Coleburg, Bert Albert, Edward Kirk (formerly of Ouray), "Slate" Branton, Emil Ross, Gustavson, Margo, Piccolo, one unknown. All the employees of the Camp Bird mine and mills who took refuge in the tunnel to escape snowslides have reached here, Ouray, going over the mountain on snowshoes. Communication has been had with the San Pedro, Atlas, Bankers' National and Revereue properties, and word is received that the men employed at those mines were

## Wreck Caused by Mail Bag

Burlington, Ia., March 20.—A fast east-bound passenger train on the Chicago, Burlington and Quincy railroad was partly wrecked by a misplaced switch. Two cars broke away from the rest of the train and dashed into switch, demolishing the side track, the rear-end of a work train on a cars and a car occupied by a number of workmen. Swan Bloom, of Burlington, cook of the work train, was killed and a dozen persons were severely injured. A mail sack when thrown out struck a switch post, breaking it and releasing the switch, thus side-tracking the last two cars of the passenger train.

The probably fatally injured are John Peterson, West Burlington, laborer; Ernest Patit, boy, Seattle, Wash.; Charles Ellerhoff, West Burlington, laborer; Rudolph Frick, Burlington, Ia., engineer work train. Severely injured — Mrs. Frank Patit, Seattle, Wash., cut about body; Francis Patit, 4 years old, face and body cut, by window glass; N. P. Johnson, traveling man, Kansas City, body cut and head bruised; John Anderson, West Burlington, laborer; J. G. Newlark, Creston, Ia.; Mrs. J. G. Newlark, Creston, Ia., face cut and body bruised; R. H. Graves, Aurora, Ill., face cut.

## AT THE THEATERS

**Bijou Theatre.**  
From the time the curtain goes up after Mr. George Ramig's overture, the interest does not flag a moment until the curtain drops on the last act. One might almost say the Bijou has nothing but headline acts this week. Hadji Lessik who opens the bill is certainly deserving of his title, "The Whirlwind Arabian Novelty and Gun pinning Juggling Wonder." His act is a distinct novelty and the marvelous manner in which his bird sings in response to his cue when he plays his mandolin will make thinking people realize that perhaps after all (in spite of human egotism) birds and animals have souls.

Harrie Wilmot the baritone has already established himself as a firm favorite. His phrasing and enunciation are without doubt the best ever heard in any illustrated singer that has appeared here. He is a cultivated singer and solves it in his every action. "Take Me to Your Heart Again," his song for this week, bids fair to rival "School Days," which he sang so exquisitely last week.

Melville & Azelle have a winner in their act and from the moment she opens the act with her fetching little song the "Candy Girl," until its close they keep the audience in applause. Melville's comedy and cartoons are thoroughly appreciated. Then comes "Huntress," the Male Papinta and rightly entitled to bill himself as such. His costumes and work rival La Loie Fuller, with the exception that he has La Loie beaten, inasmuch as he gives some of his prettiest pictures whilst standing on, and rolling on a large white ball, quite a difficult feat to accomplish.

Danny Mann & Co. close the bill, and the company consists of his demure little wife, who makes up and looks the part thoroughly as a little strayed waif in their little pastoral play, "Mandy Hawkins," with no home. Uncle Hank after blustering around and bluffing her and nursing her dolls, finally decides to

## LECTURE ON THE BOY WHO GOES WRONG

A number of La Crosse people enjoyed a lecture in the Methodist church in Onalaska last night by Charles O. Merica, former superintendent of the Wisconsin industrial school for boys on "The Boy Who Goes Wrong." There was a large and appreciative audience and parents were given some wholesome suggestions regarding the bringing up of boys. The general theme of the lecture was that parents should be "good fellows" with their boys and allow them all the leeway possible in pursuit of their youthful sports.

## BIOGRAPHY OF GERARD KREMERS

Gerard Kremers, fathers of Mrs. Henry A. Salzer of this city who died in Milwaukee yesterday, was born in 1826 at Rhein province, Germany, and emigrated to the United States in 1848 and settled with his father's family in Manitowish county. After several years of work on the farm, he started a general store at Manitowish. In 1861 he went to Milwaukee to become secretary and treasurer of the Milwaukee Gas company, which position he held until the reorganization of the company in 1893. During the thirty-two years of his connection with the gas company the price of gas was reduced from \$4 per thousand feet to \$1 and then to 80 cents per thousand, in every instance upon his initiative.

After eight or nine years of single

### NATURE SPARES

#### The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. O. T. ERHART, SPECIAL AGENT

life in this country, he returned to his native country and married Miss Elise Kamper. His wife, four sons and three daughters survive him. Two of the sons, Albert and Ernest, are secretary and president of the Kremers-Urban company of Milwaukee. The second son, Prof. Edward Kremers, is at the head of the school of pharmacy of the University of Wisconsin, and the youngest, John G. Kremers, is superintendent of the Wisconsin Sugar company's plant at Menomonee Falls, Wis. The surviving daughters are Mrs. Gerard Schumacher, New York; Mrs. Henry A. Salzer, La Crosse, and Miss Lydia Kremers.

Mr. Kremers was one of the founders of the First German Reformed church of Milwaukee.

### WEATHER FORECAST

• Fair tonight and Wednesday; warmer.  
• The skies will be mostly clear in this section during the next 36 hours. Westerly winds will prevail and there will be a steady rise in temperature.  
• Coldest 14; warmest 28; wind 6 miles per hour.

Mrs. C. P. Dorset and Miss Nannie Colwell left today for New Mexico, where they will visit Dr. Bernard Dorset, who is located at Los Vegas. Mr. and Mrs. George H. Day entertained at dinner Saturday evening.

## MRS. THERESA BAUER IS GONE

Mrs. Theresa Bauer, 924 South Seventh street, died this morning at about 4:30 of a tumor from which she had suffered for a long time. She leaves to mourn her loss five children, Mrs. Bertha Verse, Mrs. Minnie Kawalke, Miss Sophia Bauer and George and John Bauer.

## THE POPULAR HOTEL DOERING

The Hotel Doering, corner of Third and Jay streets, recently opened to the public is enjoying a liberal patronage. Mr. Doering has a model hostelry with 26 outside rooms and a large light and airy dining room. The equipment is modern throughout. The bath rooms and lavatories have tile floors and the latest open sanitary plumbing. Each room is steam heated and furnished entirely new with iron beds and tasty furniture.

The table is supplied with an abundance of the best procurable and the meals are of the German style which bespeaks plenty.

The rates are \$1.00 and \$1.50 a day.

The annual moving fever has the city and already the transfer lines are busy carrying the household goods of the new home seekers.

STABLES IN CONNECTION

## OBSERVE GOLD-EN WEDDING

Mr. and Mrs. Louis Pammel of 1218 Madison street observed their golden wedding anniversary Sunday. Old friends of the couple and two children gathered at the home in honor of the occasion and enjoyed the day in a quiet manner befitting the Sabbath.

Mr. and Mrs. Pammel were married in Germany, March 18, 1856, and came to La Crosse soon after. For many years they resided on the Pammel farm east of the city, coming to La Crosse to live ten years ago. Nine children have been born to them, of whom six survive.

## Miscreant Thug

Pottsville, Pa., March 20.—Mrs. John Morrison, of Cumbola, near here, was shot and killed as she lay in bed by one of three masked burglars. Morrison and his wife were awakened by the burglars, two of whom compelled the husband to precede them to the first floor and deliver to them a purse containing a sum of money which was in one of the bedside drawers.

The third burglar remained in the room with Mrs. Morrison to prevent her from giving an alarm. It is believed by the authorities that the woman recognized the robber and that when he learned she had discovered his identity he shot her.

## GETS VERDICT OF \$1,000

H. M. Decker, a mail clerk on the Southern Minnesota division of the Milwaukee road was yesterday awarded a verdict of \$1,000 against the road in district court at Blue Earth for contracting pneumonia from a draft in a defective car. Decker was taken from his car ill at La Crosse. He sued for \$2,000.

Director in Chief John Dahle of the Northwestern Scandinavian Singers' association has returned to his home in St. Paul after conferring with the local committee on arrangements for the approaching saengerfest.

Glad to Get Out of Harness. New York, March 20.—Lyman J. Gage, ex-secretary of the treasury, has confirmed the report that in a few days he would retire as president of the United States Trust company. "I have been working fifty-five years and am near 70 now," he said, "and if I'm ever to take any leisure it is about time for me to begin. I have been in the public eye for some time and am glad to get out of it."

Boni Fighting for His Seat. Paris, March 20.—Count Boni de Castellane's electioneering fight for a seat in the chamber of deputies for a district in the south of France is now at its hottest point. His adversaries have been using against him stories of scandals in his life in Paris. His agents are spending money lavishly among the voters. There is no doubt that the countess is still supplying funds for this purpose.

They Wouldn't Assist an Inventory. Reanes, France, March 20.—A council of war just held here has sentenced Major Hery to a year's imprisonment, and Captains Cleret and Spirai each to a day's imprisonment for refusing to command their troops to enter a local church and assist in the taking of an inventory in accordance with the law providing for the separation of church and state.

## LATE CITY NEWS

Have you weakness of any kind—stomach, back, or any organs of the body? Don't dope yourself with ordinary medicine. Hollister's Rocky Mountain Tea is the supreme curative power. 35 cents. Ask your druggist. Fred B. Smith, proprietor of the Stoddard, and wife, arrived home yesterday from Hot Springs, where they have been for several weeks.

Foley's Kidney Cure makes the kidneys and bladder right. Contains nothing injurious. Sold by O. T. Erhart.

Newell Barber, son of W. E. Barber, who recently underwent an operation at one of the local hospitals, was taken home yesterday. He is rapidly recovering.

If you will do your next washing with Beach's Peosta Soap according to direction, we will refund the money you paid for the soap if your clothes are not whiter, and the labor less than when you use any other soap. Ask your grocer.

A week from tomorrow a number of members of the Y. M. C. A. will participate in a cross country run.

La grippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." Sold by O. T. Erhart.

Prince and Princess Leave India. Kurrachee, British India, March 20.—The Prince and Princess of Wales having completed a five months' tour of India have sailed on board the British battleship Renown for Egypt, where they will spend a week. From thence they will go to Athens to meet King Edward and Queen Alexandra.

Will Succeed Bellamy Storer. Washington, March 20.—The name of Charles S. Francis, of Troy, N. Y., former American minister to Greece, will be sent to the senate as ambassador to Austria-Hungary to succeed Bellamy Storer. Mr. Francis' father was formerly ambassador to Austria. Francis is editor of the Troy Times.

## You Can Wear Eye Glasses

Come in and let me prove to you The Shur On guards never fail to stay on the nose and will be replaced free of charge at any time that they are broken. True they cost a trifle more but the saving of lenses will pay for the difference in price.

I will examine your eyes free of charge and it is time you were changing those lenses too. Glasses relieve the headache.

## BIG FURNITURE HOUSE OF S. GANTERT ENLARGES

## Crowded for Space Adds Fine Large Art Room on Second Floor Making Five Large Showrooms

Adds Statuary and Toy Department, a Fine Line of Carpet Sweepers and Couch Throws—Occupies Larger Main Floor Space for Furniture Exclusively Than Any Other House in La Crosse.

Albert Gantert of the firm of S. Gantert Furniture House recently returned from a business trip to Grand Rapids and the east. While on his trip Mr. Gantert has purchased the new spring stock of furniture which he promises will surpass any previous showing of furniture in La Crosse. The firm has always been known as "The Quality House" and it still maintains this standard. It is an old saying, "If it comes from Gantert's, you know its good."

The Gantert Furniture House has for thirty years occupied a 60 ft. wide double store building on 110-112 South Third street which consists of three full height-stories and a commodious basement. The first floor being mostly devoted to displaying dining room and library furniture, the "Globe-Wernick" sectional bookcases occupying a large share of the space. The mission furniture has a look especially adapted to its style and is very charmingly arranged.

The second floor is used for displaying bedroom furniture and leather goods, "Karpen" goods occupying a large portion of the space. There is also a mammoth line of metal beds and office furniture systematically arranged on this floor, beside an endless line of Morris chairs and couches.

The third floor is used for the grand showing of "Heywood Bros." baby carriages and go-carts, metal furniture, and reed and rattan goods, while the basement is the show room for toys and children's furniture.

The four floors which have always been used are crowded with new furniture leaving no rooms for the spring line of parlor furniture so the second floor south of the building now in use has been connected by an archway and fitted up as an art room which will be used to exhibit parlor furniture exclusively.

The S. Gantert Furniture House has always been known for the largest and most grand display room in the northwest and the addition of this large art room will be a special feature. Nothing like it has ever been seen in La Crosse.

The public is invited to inspect this fine stock of furniture and the low prices which prevail throughout the entire line.

**PRIORITY of RYOR'S photographs is popularly recognized and plainly discernable Your patronage appreciated.**

## Watch This Space

## The Coffee Debate

The published statements of a number of coffee importers and roasters indicate a "waspy" feeling towards us, for daring to say that coffee is harmful to a percentage of the people.

A frank public discussion of the subject is quite agreeable to us and can certainly do no harm; on the contrary when all the facts on both sides of any question are spread before the people they can thereupon decide and act intelligently.

Give the people plain facts and they will take care of themselves.

We demand facts in this coffee discussion and propose to see that the facts are brought clearly before the people.

A number of coffee importers and roasters have joined a movement to boom coffee and stop the use of Postum Food Coffee and in their newspaper statements undertake to deceive by false assertions.

Their first is that coffee is not harmful.

We assert that one in every three coffee users has some form of incipient or chronic disease; realize for one moment what a terrible menace to a nation of civilized people, when one kind of beverage cripples the energies and health of one third the people who use it.

We make the assertion advisedly and suggest that the reader secure his own proof by personal inquiry among coffee users.

Ask your coffee drinking friends if they keep free from any sort of aches and ails. You will be startled at the percentage and will very naturally seek to place the cause of disorder on something aside from coffee, whether food, inherited tendencies or something else.

Go deeper in your search for facts. If your friend admits occasional neuralgia, rheumatism, heart weakness, stomach or bowel trouble, kidney complaint, weak eyes, or approaching nervous prostration induce him or her to make the experiment of leaving off coffee for 10 days and using Postum Food Coffee, and observe the result. It will startle you and give your friends something to think of. Of course, if the person is one of the weak ones and says "I can't quit" you will have discovered one of the slaves of the coffee importer. Treat such kindly, for they seem absolutely powerless to stop

the gradual but sure destruction of body and health.

Nature has a way of destroying a part of the people to make room for the stronger. It is the old law of "the survival of the fittest" at work, and the victims are many.

We repeat the assertion that coffee does harm many people, not all, but an army large enough to appal the investigator and searcher for facts.

The next prevarication of the coffee importers and roasters is their statement that Postum Food Coffee is made of roasted peas, beans or corn, and mixed with a low grade of coffee and that it contains no nourishment.

We have previously offered to wager \$100,000.00 with them that their statements are absolutely false. They have not accepted our wager and they will not.

We will gladly make a present of \$25,000.00 to any roaster or importer of fashioned coffee who will accept that wager.

Free inspection of our factories and methods is made by thousands of people each month and the coffee importers themselves are cordially invited. Both Postum and Grape-Nuts are absolutely pure and made exactly as stated.

The formula of Postum and the analysis made by one of the foremost chemists of Boston has been printed on every package for many years and is absolutely accurate.

Now as to the food value of Postum. It contains the part of the wheat berry which carry the elemental salts such as lime, iron, potash, silica, etc., etc., used by the life forces to rebuild the cellular tissue, and this is particularly true of the phosphate of potash, also found in Grape-Nuts, which combines in the human body with albumen and this combination, together with water, rebuilds the worn out gray matter, in the delicate nerve centers all over the body, and throughout the brain and solar plexus.

Ordinary coffee stimulates in an unnatural way, but with many people it slowly and surely destroys and does not rebuild this gray substance so vitally important to the well-being of every human being.

These are eternal facts, proven, well authenticated and known to every properly educated physician, chemist and food expert.

Please remember we never say ordinary coffee hurts everyone.

Some people use it regularly and

seem strong enough to withstand its attacks, but there is misery and disease in store for the man or woman who persists in its use when nature protests, by heart weakness, stomach and bowel troubles, kidney disease, weak eyes, or general nervous prostration. The remedy is obvious. The drug caffeine, contained in all ordinary coffee, must be discontinued absolutely or the disease will continue in spite of any medicine and will grow worse.

It is easy to leave off the old fashioned coffee by adopting Postum Food Coffee, for in it one finds a pleasing hot breakfast or dinner beverage that has the deep seal brown color, changing to a rich golden brown when good cream is added. When boiled long enough (15 minutes the flavor is not that of rank Rio coffee but very like the milder, smooth and high grade Java, but entirely lacking the drug effect of ordinary coffee.

Anyone suffering from disorders set up by coffee drinking (and there is an extensive variety) can absolutely depend upon some measure of relief by quitting coffee and using Postum Food Coffee.

If the disease has not become too strongly rooted, one can with good reason expect it to disappear entirely in a reasonable time after the active cause of the trouble is removed and the cellular tissue has time to naturally rebuild with the elements furnished by Postum and good food.

It's only just plain old common sense.

Now, with the exact facts before the reader, he or she can decide the wise course, looking to health and the power to do things.

If you have any doubt as to the cause of any ache or ail you may have, remember the far reaching telegram of a hurt nervous system travels from heel to head, and it may be well worth your while to make the experiment of leaving off coffee entirely for 10 days and using Postum in its place.

You will probably gather some good solid facts, worth more than a gold mine, for health can make gold and sickness lose it. Besides there's all the fun, for it's like a continuous internal frolic to be perfectly well.

There's a reason for

## THE LA CROSSE TRIBUNE

Published Every Afternoon Except Sunday, at 121 Main St., La Crosse, Wis.

A NEWSPAPER FOR THE PEOPLE

By The Tribune Publishing Company

W. V. KIDDER ..... Managing Editor

Daily by Carrier ..... \$5.00 per year

Daily by Mail ..... \$4.00 per year

Entered as second-class matter June 22, 1904, at the Post Office at La Crosse, Wis., under the Act of Congress of March 3, 1879.

Special Representatives: Payne &amp; Young, Chicago, 948 Marquette Bldg.; New York City, 105 Potter Bldg.

## TO ADVERTISERS.

After May 1, 1906, the display ADVERTISING RATES of The Tribune will be 12½ cents per column-inch. This represents an advance of 2½ cents per column-inch. Contracts will be accepted up to that date at the old rate, but they will not be solicited.

The reason! There is NO MONEY in advertising at 10 cents per column-inch. A steady increase in the cost of production has been maintained, with which advertising rates have not kept pace. Added to the increased price paid for labor, warranted by a parallel increase in the cost of living, all "fair" newspapers and job printers on Jan. 1, 1906 inaugurated the 8-hour day, instead of the 9-hour day, the result being an increase of over 11 per cent in the cost of production. This renders it impossible to make fair earnings at the old rate.

Advertisers in The Tribune, however, lose nothing, because the circulation of this paper has increased more than 1,200 in the past six months, and is steadily growing. In substantiation of this statement we renew our offer to enter into any fair arrangement for establishing the truth about La Crosse circulation, under the auspices of The Merchants' Association, and WE AGREE TO PAY THE ENTIRE COST OF THIS INVESTIGATION provided it does not show that we have the largest circulation (country and city) of any La Crosse daily newspaper.

TRIBUNE PUBLISHING COMPANY.

## WATER, WATER, PURE AND BRIGHT.

La Crosse should have pure water. The doctors are absolutely right, and should be supported. The only fair question is one of method. In its present form the plan will undoubtedly be killed in the spring voting, not because the people do not appreciate the value of good water, but because they suspect sinister motives on the part of some persons having to do with the filtering plan, and because there is a real difference of opinion as to whether wells are not preferable to a filter.

There should be devised some suitable method of taking this question entirely out of politics, and of establishing beyond dispute the most adaptable method of securing pure water. The question is not to be settled by precedent, for local conditions control. They are subject to intelligent analysis, and a final determination as to the proper system, so secured as to eliminate any suspicion of "graft," would surely be followed by affirmative action.

## ANOTHER STANDARD OIL CONCESSION.

At last Standard Oil has "produced its books," and has "shown" the judge of the Missouri court. "We will no longer oppose the ruling of the court," condescended corporation Counsel Priest for the company. And here are some of the things that the books and the witnesses showed to the court and the jury.

That stock of the Republic Oil company is held by individuals for the standard Oil company.

That Frank Wilson, assistant secretary to W. G. Rockefeller, president of the Standard Oil, is a Republic stockholder.

That the Waters-Pierce Oil company bought oil from Standard Oil refineries.

That in payment for oil bought by the Waters-Pierce Oil company from the Atlantic refinery of Philadelphia, an alleged independent concern, the checks since 1904 have been sent to 26 Broadway, New York, headquarters of the Standard Oil.

That stock in the Waters-Pierce Oil company is held by M. M. Van Buren, nephew of John Archbold, an official of the Standard Oil.

That Charles Adams, secretary of the Waters-Pierce Oil company, visited 26 Broadway to discuss the affairs of the Waters-Pierce company with Standard Oil officers.

That is getting further and further into the inside of The System. The existence of even a "gentlemen's agreement" was vigorously denied a few months ago; now facts conclusively showing the existence of a trust and a common ownership of the stock of all the companies are proven and not denied Standard Oil "conscience" no doubt consoles itself with the reflection that these were "white lies" told in the interest of the great and only god, "Mammon."

And through it all Mr. Rockefeller has not testified, because he has been "mysteriously missing." Gone yachting, maybe; hidden at 26 Broadway, perhaps; or as a dispatch hinted yesterday, in seclusion "suffering from a recurrence of an attack of acute melancholia he had ten years ago, when he thought the poor were hounded by their creditors." Really, that idea is brilliant enough to have occurred to "Senator" Depew in the days before he was exposed and lost the "love" of the young person who is now so greatly disappointed in having wedded a fit subject for senile dementia because of the glory that was his name, only to find herself snubbed for being in bad company. The finish of

The System is in sight, but these thoughtlessly arrogant financial outlaws probably will "never miss the oil 'til the well runs dry."

Who will be the first to "decline to answer on advice of counsel?"

It is a question whether Jakie will get his cents back or get his sense back

Don't forget that the street car company, "is going to get that franchise, just the same"

It appears that La Crosse will be entertained with a thorough investigation and analysis of the Central "deal."

## JUST LIFE

Now just imagine John Rockefeller brooding over an hallucination that the poor people are being hounded by their creditors. Still, Jawns has brought about such a condition so many thousand times, perhaps Remorse is "coming on."

## Hams.

He's an actor on the stage And they say he's all the rage, He wears a cane that's worth a half a dollar;

His salary is so large That the sheriff is in charge. And he wears a ne'er-swear stand-up rubber collar.

But for all that, he's a man, And he does the best he can, And even if you think his work is bad;

He's got a wife a leven Of those dew drops straight from Heaven And a "hand" will help to make the family glad.

Since J. Pierp Morgan's man controls the operators' convention the president will find he has no European power to deal with when he demands peace in the coal mines.

Senator Bailey, in demanding a suspension of the court appeal amendment to the rate bill says the senate should be honest. That's right, So should John D. and some of the other plutocrats.

Now the Standard seems anxious to let the public know it owns the Republic oil company. The public better watch out, maybe it's sold the Republic.

Some men are so crooked it pays to believe the opposite to what they tell you.

Wallace now favors a sea level canal. Perhaps he's been "seen" by the railroads.

Mayor Rose of Milwaukee has unearthed a plot to ruin him. The mayor wouldn't have to dig very deep to find a whole graveyard of similar plots.

—W. V. K.

PNEUMONIA FOLLOWS A COLD but never follows the use of Foley's Honey and Tar. It stops the coughs, heals and strengthens the lungs and affords perfect security from an attack of pneumonia. Refuse substitutes. Sold by O. T. Erhart.

## Silver Wedding Anniversary

Mr. and Mrs. William Boeck, 1235 Green Bay street celebrated their silver wedding anniversary Sunday and entertained about two hundred friends during the day. They were surprised by the Harmonia Singing society which rendered several selections. The entertainment during the day was varied and thoroughly enjoyable, and a pleasant time was enjoyed by all those who were fortunate enough to attend. Many handsome silver presents were received by Mr. and Mrs. Boeck, who are well known and highly esteemed residents of the city.

## DANGERS OF PNEUMONIA.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. Sold by O. T. Erhart.

## AN APPEAL

To the Manhood of La Crosse Men  
AND  
Womanhood of La Crosse Women

For months THE TRIBUNE has been conducting a campaign to promote the support of La Crosse manufacturers by urging all loyal citizens to buy goods made in La Crosse wherever and whenever they are to be had on even terms with goods shipped here from foreign factories. It is an unfortunate fact that all of us are in the habit of neglecting this important duty. We do it because we are thoughtless; every man of us would buy a La Crosse article that is as good as a foreign-made article sold at the same prices, IF WE ONLY THOUGHT. The Tribune proposes to make every man in La Crosse THINK.

## Why We Should Always Think

If La Crosse has a great future, it is as a MANUFACTURING CENTER. The sawmills and the Wisconsin pine forests made La Crosse. But the pine forests are gone, and the sawmills are gone, and most of the lumbermen are gone. Those who remain have wealth accumulated in a lifetime of industry, and they want to invest it. They would prefer to invest it in La Crosse, but they will not do so extensively unless they recognize a purpose on the part of the people of La Crosse to support the establishments that are started here. Neither will the millions of outside capital seeking investment come here without the encouragement of HOME SUPPORT. In short, La Crosse cannot be anything great except a manufacturing center, and it cannot become a manufacturing center unless its people invite investment in factories by supporting their factories.

## It Is Up to You

Do YOU live in La Crosse? Do YOU expect to CONTINUE to live in La Crosse? If you do, you are vitally interested in everything that will build up La Crosse. Nothing will build this city up as will home patronage of home goods. The Tribune has begun a crusade which it believes will within one year increase the home market for home-made goods FIFTY PER CENT. That is a lot to say. We say it because we believe in YOU. We believe that once YOU become impressed with the importance of doing so, you will DEMAND home-manufactured goods. Who are YOU?

Are YOU a capitalist? An investor? If so, YOU know that a popular purpose to buy home-made goods means success to La Crosse factories whose successes MUST radiate success to every man who owns a dollar's worth of property here, or is engaged in business here, or earns salary or wages here.

Are YOU a merchant? If so you know that support of home goods means more factories, more employees, more patrons of the retail stores, more sales, more profits, more prosperity. It means enhanced values of your real estate; it means a bigger bank account and an expansion of your business.

Are YOU a salary or wage earner. If so you know that home buying of home goods means more employment, higher average wages, increased in value of your home if you own one, greater general prosperity in which you are a stockholder.

## What Can You Do?

You can make up your mind to do something, and DO it. We ask YOU to fill out and sign the pledge that accompanies this article, and mail it to The Tribune. We guarantee you that this will HELP. "Every little bit helps."

Think what it would mean were 1,000 men of La Crosse to sign this pledge, and KEEP IT! WE KNOW that at least 5,000 La Crosse men will sign it and keep it. It is easy enough, and we know that YOU will do this little bit for La Crosse. WAIT A MINUTE! This means YOU. And NOW is the time.

Get your friends to sign this pledge also. See to it that your influence is exerted in a good cause. Write a letter telling what you think of the work, and suggest to us new ideas in carrying it out. Address all letters and pledges to

## City Builders' Pledge

I hereby pledge my support to the movement for the support of HOME factories. I will buy La Crosse made goods wherever they compete in quality and price with foreign products; I will buy of home retailers in preference to foreign mail order or department houses; I will give preference to home jobbing houses; I will endeavor to induce my neighbors and friends to do the same.

## ST. PATRICK DAY PROGRAM NETS LADIES A BIG PROFIT

At the St. Patrick's day entertainment held Saturday evening in the Y. M. C. A. hall by the Mother's club of the St. Mary's church, \$120.00 was cleared which will go into the improvement fund of the church.

A great success financially, it was also very successful in a social way, and immensely pleased the audience, which was large.

The speaker of the evening was John F. Doherty, who spoke in glowing terms on "Ireland's Tribute to Civilization," which proved intensely interesting to the audience.

Mr. Felzer, assisted by a chorus, opened the program with "Ireland I Love You," which proved very pleasing.

Miss Rose Rowland of Houston, Minn., recited "Simple Modesty," with piano accompaniment by Miss Mabel Johnson, also of Houston. She was a perfect picture of modesty and was attired like a beautiful little wax doll, and her recitation proved very effective and charming.

"Rose of Kenmare," as sung by

Miss May Jackson, received much applause as did also Ned Frame's rendition of "Mary Ann, She's All My Own."

The Freddie Girls with their Green bows and ribbons were a picture which was very much in harmony with the occasion of the celebration and they received much applause.

Miss Leona Dunn who is taking elocution at the Winona seminary, who rendered "St. Patrick's Day" with the piano and violin accompaniment by Miss Ida Fay and Walter Schroeder, made a great hit. As a token of her great success she received a beautiful bouquet of green carnations from the bishop of Winona.

Miss Grace McLindon who sang "To My First Love," made a hit as usual and for an encore she rendered "You'd Better Ask Me."

The program closed amid the strains of "Kathleen Mavourneen," by the entire chorus under the direction of Miss Fay under whose able direction they sang unusually well.

## ORR HAD A FOXY GAME TO CONTROL PROXIES FOR NEW YORK LIFE

NEW YORK, March 20.—Samuel Untermyer, counsel for the international policy holders' committee of the New York Life Insurance company sent a letter to Alexander E. Orr, president of the New York Life, protesting in the name of the policy holders against what he terms the extraordinary effort that is being made by the officers of the company to obtain proxies for the annual election, which is to be held early in April.

Addressing Mr. Orr, Mr. Untermyer says that, as the representative of upwards of 50,000 policy holders in the company, he has been instructed to protest in their behalf "against the

extraordinary use that is being made by you and your officers of the agency force of the company, who are being pressed into the service of soliciting proxies for the re-election of yourself and associates as directors at enormous expense to the policy holders."

"I am informed," the letter continues, "that within the last few days you sent out from your head office to your entire agency force throughout the country telegrams urging them to collect proxies. I have before me one of a number of printed letters and circulars issued from your head office, signed by the cashier of your company, with an accompanying form of proxy, addressed to policy holders, including a biography of each of the directors and officers whom you seek to re-elect, including yourself. This proxy is to Messrs. John Claffin, Oscar S. Straus, and Clarence H. Mackay, of whom biographies also are inclosed, printed at the expense of the policy holders.

"If these documents have been sent to every policy holder the cost to the company of postage alone would be about \$30,000, and the cost of printing the stationary as much more. How you justify such expenditures (to say nothing of the manifest impropriety of such action at this juncture), I fail to understand.

"These documents are coming to us in great numbers from infuriated policy holders with the request that our committee take some action to prevent your thus wasting the money of the policy holders in the attempt to return yourself to office."

### Letter Carriers' Ball

The La Crosse Letter Carriers' union has decided to give a second annual ball April 10. The success of the first annual has prompted numerous requests for a repetition and the union has finally acquiesced.

## CITY NEWS

Chandeler Parlor, 227 Main Street. C. H. Hagenah has returned to his home in Fond du Lac after visiting with old friends in the city for a few days.

## RACE PURSES

Secretary Van Auker of the Interstate fair yesterday announced the following purses of the Central Wisconsin circuit:

2:28 trot	\$1,000
2:21 trot	800
2:16 trot	700
2:14 pace	1,000
2:17 pace	800
2:10 pace	700

To Run in Five Cities.

These races will be run in five cities of central and western Wisconsin on the following dates:

Merrill—August 28 to 31.  
Wausau—Sept. 4 to 7.  
Marshfield—Sept. 11 to 14.  
Chippewa Falls—Sept. 11 to 14.  
La Crosse—Sept. 21 to 29.

There will be four days of racing at each of the meets, and the circuit will cover five weeks. The arrangement makes an ideal series of races for good money, and the horsemen are already preparing for the event.

La Crosse will add a few races later in the season.

FOLEY'S HONEY AND TAR cures coughs and colds. Cures bronchitis and asthma. Cures croup and whooping cough. Cures hoarseness and bronchial troubles. Cures pneumonia and la grippe. Sold by O. T. Erhart

## ONE MOMENT.

Please, I would just like to know how your cough is now? You see, I have such a splendid cure for it, that I want you to get acquainted with it. You know it's made with the latest and best medicines that are known to be cough curing, and I have seen so few cases where it failed to cure, that I really call it the essence of all cough knowledge. May be you'll laugh at this statement, but you know, I have sold thousands upon thousands of bottles, which gives me a good chance to judge, and learn its great value as a cough and cold cure. It's called Gray's Yerbe Santa, and after you've once used it, it will be your household remedy for good. Please don't forget the name, Gray's Yerbe Santa. Thanks for your very kind attention.

CHAS. BEYSCHLAG,  
Druggist, 503 Main Street.

## Diamonds

As an investment, now rank better than any securities or even real estate. The mines are becoming exhausted and tendency of prices is constantly upward. Because of my facilities for obtaining diamonds out of the ordinary trade channels and cutting out the "in-between profits" incident to high rents etc., I can offer the public diamonds at prices greatly below the present market, and remember "your money back without argument" if not satisfied.

## JOINT MEETING OF MINERS AND OPERATORS SEEM UNCERTAIN

Indianapolis, March 20.—That there will be a second joint conference of the coal operators and miners of the central competitive district, comprising the states of Ohio, Indiana, Illinois and western Pennsylvania, was definitely determined when the operators of the four states met in convention and adopted a resolution setting forth their willingness to meet the representatives of the United Mine Workers. Subsequent arrangements between J. H. Winder, the newly-elected chairman of the operators, and President John Mitchell, of the mine workers, fixed the first session of the joint conference for this morning at 10 o'clock.

### Done to Please the President.

The resolution declaring willingness to meet the miners expressly states that it is done "out of respect for the expressed wish of President Roosevelt." Following the retirement of P. L. Robbins, president of the Pittsburgh Coal company, as chairman of the operators, and the election of J. H. Winder, of Ohio, as his successor, a resolution was adopted providing that the operators of each of the four states should elect their own spokesmen, and that there be no official representatives of the four states collectively, either in joint convention or joint scale committee.

### Robbins an "Insurgent."

When seen P. L. Robbins refused to make a statement regarding his reasons for relinquishing the leadership of the operators. His successor, Winder, was equally reticent, and neither would discuss the attitude he will assume on the floor of the joint convention. It was stated, however, that Robbins was opposed to the unit rule, which requires that all voting on wage matters shall be recorded as unanimous, and that he threatened to bolt the conference and operate his mines independently. There was danger for a time that the operators would not be able to agree sufficiently to warrant a joint conference with the miners.

### Business Done by the U. M. W.

Beyond listening to an address by Mrs. Langdon, of Denver, on the Colorado situation, and disposing of a number of resolutions, among which was

a resolution prohibiting the signing of wage scales not providing for a run-of-mine basis, which was sent to the scale committee, the mine workers transacted no business of importance. The first meeting of the operators of the southwestern district was held at the Claypool hotel. Twenty-five were present. The meeting was called to decide upon a line of action to be pursued in the joint conference with the miners of that district.

## George Barr's Heroic Act

New York, March 20.—The heroism of one man prevented dynamite from destroying the work of months in the great tunnel which the Pennsylvania railroad is digging under the East river. A fire broke out among the bags of hay and sawdust in the bore, smothered a negro watchman and threatened to reach several boxes of explosives, when George Barr, an employee, went down into the main passageway and dragged out the dangerous material.

Barr was overcome by smoke, but will recover. The body of the watchman has not been recovered. The compressed air doors prevented the firemen from bringing hose into the tunnel, and the fire burned for five hours before it could be extinguished. Engineers declare that had the flames reached the dynamite the main tube would have been destroyed, together with others adjoining it which are being built to carry separate tracks under the river.

### BIRTHDAY PARTY.

Mrs. Wm. Hatke was surprised by about twenty of her friends Saturday evening. All wore shamrocks, it being her 30th birthday and a lovely evening was spent. Fine refreshments were served at midnight. Those present were Mr. and Mrs. F.

## LA CROSSE BUSINESS DIRECTORY.

What is Made in La Crosse and Who Makes It.

A WORD TO MANUFACTURERS—We want to write you up. We take this means of urging manufacturers to mail us at once a concise statement of the facts concerning their respective institutions which they think will interest the public, furnish information as to the sort of plant and nature of its product and enable us to induce home people to patronize it. Please do this AT ONCE. It is to YOUR INTEREST to do so. We want not only this particular statement, but we invite manufacturers to mail us at any time any new information that may be of interest concerning their establishments and operations.

# ALGECIRAS SITUATION DOES NOT SEEM TO BE A LOT BETTER THAN BEFORE

Paris, March 20.—Officials here say that France's position is absolute and final against placing Casa Blanca under international command. It is maintained that this is not a question of details, but one that involves the entire Franco-German controversy over internationalization of the police. After exchanges at the various capitals, officials declare, another vote will show that France is supported by Great Britain, Spain, Portugal and Russia, with Austria doubtful and Italy and the United States abstaining. Austria's doubt is due to Vienna's wavering in the support she has heretofore given to Germany. The current opinion in official circles is that Germany intends to recede from her position.

## Awaits Concessions from Germany.

The semi-official Temps says: "We await Germany's final concessions. If we await in vain let Germany say so and let the conference record a failure of which German diplomacy must bear the responsibility before the world." However, statements in the semi-official press are sometimes designed to satisfy public opinion, and the indications are that Foreign Minister Bourgeois is adopting a less peremptory tone.

## Not Likely to Concede Any More.

Berlin, March 20.—The German attitude at Algeciras is a passive one. She is ready to consider in a friendly spirit any proposition for the supervision of the Moroccan police embracing the international principle, but she would prefer to have the conference adjourn without an agreement than give up the international idea. The fact that the conference did not meet yesterday, it is added here, gave the French delegates time for further communications with Paris.

## Optimism at London.

London, March 20.—The clouds which have been hanging over Algeciras for the past week have practically disappeared, and in the opinion of the foreign office the basis of an agreement on the Moroccan question will be reached at today's session of the conference. This agreement will be based on a modification of the German demands with respect to the police, while France will concede part of what she has been asking for in regard to the Moroccan bank system. The details will not be published until the meeting of the delegates; in fact, France will not state what she is willing to concede until Germany has placed her cards on the table.

## MERELY A MATTER OF HOURS

Opinion at Algeciras Is Also Favorable to Agreement.

Algeciras, Spain, March 20.—The opinion has gained ground here that a settlement of the Franco-German controversy before the conference on Moroccan reforms is merely a matter of hours. It was currently reported that the terms of a compromise have been practically arranged, and that an announcement of an actual settlement probably will be made at the next plenary sitting of the conference, the date of which has not yet been definitely fixed, but which is expected to be held either today or tomorrow.

Details of the compromise are not obtainable, but it is stated that the concessions relate to both the police and the bank questions, the outstanding points of which are subject to mutual recession from the apparent rigid standpoints which France and Germany hitherto have maintained. It is understood that the forward move is the result of pressure from the representatives of the neutral powers, who have displayed considerable impatience over the delay and urged that increased efforts be made by the French and German delegates towards a practical solution of the difficulties.

Carrots—Bushel, 60c.  
Spinach—Peck, 15c.  
Pie plant—Bunch, 3c.  
Wax Beans—8c.

# THE VELVET SECRET IS FREE TO YOU

THE LONGER THE LESSER—A WONDERFUL DISCOVERY.

After many years of study and practice a prominent Virginia physician discovered the cure for all forms of Constipation. It is called Chase's Constipation Tablet. "I do not mean," said the Virginia Doctor to several of his colleagues announcing his success—that this is a fake cure-all, guaranteed to cure everything from pimples to paralysis, neither do I mean just another pill which breeds the pill habit; my remedy is a cure for one thing—a specific which never fails. By gently toning the digestive organs so that they perform their natural functions. It restores them all to health and strength, relieves immediately and in a short time cures Constipation.

## THE MORE THE LESS

"The more you take the less you need, until you need none—for you are cured. My effort all along was to avoid the evil of the ordinary remedy which pampers organs already weak and makes the patient a slave to the pill. Remember—Nature expects every organ to do its duty." Physicians have long recognized the fact that constipation is at the bottom of nearly every disease. It saps all energy, and makes life a burden; it opens the doors to all evil germs and makes the body too weak to resist them.

## THE VELVET WORKER

they stimulate and regulate and strengthen that they have been nicknamed "The Little Velvet Workers." Don't shuffle along with this great burden! Be healthy, be strong, be happy.

## LIFE WORTH LIVING

When a man's liver is working properly, the bowels are regular and the kidneys are active and healthy, what a joy it is to live. You get up in the morning feeling rested and bright after a good night's sleep, with a keen appetite for breakfast and a healthy relish for each mouthful, and when you go out the air smells good and you fill your lungs with pleasure; the sun shines, the birds sing, your every sense is acute and appreciative, the blood bounds through your veins, carrying life and activity to every minute cell and tissue, your hopes are high, your mind clear, your spirits high, you step buoyant, and you thank God that everything is so beautiful and that it is so good to live. No man or woman with torpid liver, constipated bowels and poisoned brain and nerves ever feels like that.

Go to your druggist and get a bottle of Chase's Constipation Tablets, and if after a fair trial you find the remedy is not all it is represented to be, your druggist will refund money without question or argument. In watch shape bottles, that fit the vest pocket. 25 cents.

## FREE TRIAL OFFER

To any reader who sends us his or her name and address with five stamps to cover postage expenses, we will at once mail a full size 25-cent bottle of Chase's Constipation Tablets, the velvet worker that cures. Not a sample, mind, but a full size 25-cent bottle. Let us prove it to you. Write today, addressing CHASE MFG. CO., 333 Throop Ave., Brooklyn, New York.

I have never used Chase's Constipation Tablets, and enclose five stamps for full sized bottle.

My druggist does not sell them.

# What Kind of Financier Are You?

To sell a lot of ground for \$50 less than it would bring if \$5 were expended in advertising it is very common—if not very wise—financiering.

To allow a house or apartment to remain tenantless for three months, when \$3 worth of advertising would have rented it in three days—is not a GOOD way to "manage property," but it is a very usual way!

Through all the little affairs of daily life we are apt to trample on the Financial Commandments, making ourselves the poorer, and nobody else especially the richer.

The La Crosse Tribune is La Crosse's Foremost Advertising Medium

## UNIVERSITY LECTURES THROUGHOUT THE STATE

(Special Tribune Dispatch.)

MADISON, Wis., March 18.—As a result of the recent provision of the regents of the University of Wisconsin for the establishment of a department of university extension, a detailed plan for extending the work of the state university has been prepared, and is about to be published as a special bulletin. The program includes some thirty different lecture courses to be given by university professors on a wide range of subjects of general interest. These courses are adapted not only for the usual public lecture courses, but for women's clubs, study clubs of teachers, organizations of mechanics, business men, bookkeepers, bank clerks and others. The staff of the department includes thirty-three members of the instructional force of the university; besides these other members of the faculty will devote as much time to the extension work as their university work will permit. All departments and colleges of the university are represented in the list of speakers and course offered. Professors from the history, political science, language and science departments, from the college of engineering, the college of agriculture, the home economics department, the department of physical training, the university settlement and library will go throughout the state lending their aid in various educational activities.

### Purpose of the Work.

The new university extension department is a part of President Van Hise's policy of extending the advantages of the university to the largest possible number of people in the state. Heretofore the extension work has been confined largely to short courses in agriculture, housekeepers' conventions, and single lectures at farmers' institutes, teachers' conventions, and meetings of various organizations and clubs. The new work provides for systematic instruction by a series of lecturers, supplemented by reading and study on the part of those taking up the work. In this way it would be possible for a large number of persons unable to attend the university to obtain many of the advantages of university instruction, and to carry on their studies at home under competent direction.

### To Assist Study Clubs.

The department provides for assisting study clubs of all kinds, both in the organization and supervision of leadership of classes. From time to time the secretary will visit different parts of the state to aid in organizing these clubs or perfecting former organizations. Classes under the direction of some member of the university extension staff will meet weekly or bi-weekly for lectures or instruction during periods of from six to twelve weeks. Women's clubs may obtain lecturers or assistance in planning their work for the year or for several years in advance. Outlines of courses of study and methods of work, topics of papers, lists of books and periodicals will also be furnished. Clubs of teachers in grammar and high schools will be furnished outlines of study with lectures on educational subjects, or in any field of work which they desire to pursue.

### Includes Technical Instruction.

An important part of the extension work provides for instruction in mechanical drawing, steam, structural, railway and electrical engineering for those actively engaged in these occupations. For organizations of business men, accountants, bookkeepers, bank clerks and others engaged in commercial lines there provided courses in business methods, purchasing, advertising, transportation, public finance, business credit and kindred subjects. Provision is also made for courses of interest to labor organizations, which includes lectures on labor problems, problems of taxation, factory legislation, economic theory and history.

The courses of lectures announced embrace a wide range of subjects of general interest. In psychology Professor Joseph Jastrow will speak on "The Sub-Conscious," and Professor H. V. O'Shea offers lectures on "Applications of Psychology to Education and Life," "Modern Educational Ideals," "Problems of Moral Progress" forms the subject of a series of lectures on ethics by Professor F. V. Sharp. For the students of political economy, sociology and political science there are courses by Professor T. S. Adams on "Labor Problems" and on "Problems of Taxation;" by the Rev. H. H. Jacobs, warden of the University of Wisconsin Settlement at Milwaukee, on "Concrete Problems in Sociology;" by Professor Graham Taylor of the Chicago Common on "Welfare Work;" by Professor P. S. Reinsch

on "The Constitution and Founding of the Federal Government," "Contemporary World Politics" and "Historic Towns and Sites of Italy." Professor S. E. Sparling will speak on the modern city and its problems, and on the relation of American political parties to the government, and Professor Victor of Coffin will lecture on "The Transition from the Old Regime in the Nineteenth Century," and on "The Political Development of the Chief European States in the Nineteenth Century."

### Illustrated Lectures.

A number of courses in history, art and archaeology will be illustrated by lantern slides of which the university has a large collection. Professor Grant Showerman of the Latin department offers readings and illustrated lectures on Greek and Roman architecture, sculpture, history, life and social customs, as well as the history and life of modern Italy. Greek life forms the subject of a series of illustrated lectures by Professor C. F. Smith, head of the Greek department. Mr. Henry E. Logler, secretary of the Wisconsin Free Library commission, has a lecture with illustrations on the history of Wisconsin, and another on the history of book-making, ancient and modern.

### Science and Its Application.

"Microbes and their Relation to Health" is the subject of lectures by Professor H. L. Russell and Professor W. D. Frost of the department of bacteriology. The problems of chemistry will be treated by Professor Louis Kahlenberg. Professor D. E. Burchell of the department of business administration will offer lectures in this field. The college of engineering has two lecturers, Professor Storm Bull, who will speak on different types of steam and gas engines, and Professor E. J. Thorkelson, who will discuss boilers and compressed air machines. For work in home economics courses are offered by Professor Caroline L. Hunt and Miss Ellen A. Huntington. Professor J. C. Elsom and Mr. E. D. Angell will represent the departments of physical training with instruction and illustrated lectures on gymnastics and kindred subjects. State Forester E. M. Griffith, special university lecturer on forestry offers two courses.

This new department of university extension is in charge of Mr. E. W. Pahlow of the history department, who by correspondence with clubs and organizations interested in having courses under their direction, as well as by personal visits to points in the state where extension centers are to be established, will provide assistance, in the organization and adjustment of the details of the extension work.

### COUGH SETTLED ON HER LUNGS.

"My daughter had a terrible cough which settled on her lungs," says N. Jackson, of Danville, Ill. "We tried a great many remedies without relief, until we gave her Foley's Honey and Tar which cured her." Refuse substitutes. Sold by O. T. Erhart.

### GIRL OF NINE WALKS STREETS

RACINE, Wis., March 20.—Emma Skulsky, 9 years old, was found wandering about the streets here Sunday. When picked up and questioned by the police she said that her home was at Butternut, Wis., where her father worked in a mill. Yesterday she left home with her uncle to visit relatives here. They came in on an interurban car yesterday morning. Her uncle, she says took \$5 she had

### A Word to Home Builders

We take this opportunity to announce that our equipment for caring for all plumbing contracts, consisting of either new work or overhauling, is unequalled, and we invite you to call and discuss the subject with us.

The workmen in our employ are competent and reliable mechanics, who have installed many bathrooms, to which we, as well as the owners, may point with no little pride.

The material we use is the best the market affords. We call attention particularly to the fact that we handle "Standard" Porcelain Enamelled Ware, which is so widely advertised in all leading magazines.

"Standard" Ware has been manufactured for more than thirty years, and every piece bears a "Standard" "Green and Gold" guarantee label. We have samples in our showroom, and if you will call, will give you "Standard" booklets to study over at your home.
